THE KALLANG

The Kallang (formerly the Singapore Sports Hub) is Singapore’s epicentre of excitement and the destination of choice for sport, entertainment, lifestyle and community events in Asia Pacific. Guided by its tagline “Feel Alive”, The Kallang creates moments that are uplifting, spirited and memorable, whether visitors are here to compete, cheer, explore, unwind or simply enjoy time with others.

The Kallang continues to build on a legacy of decades in the making. From historic milestones to world-class experiences, this is where generations of Singaporeans have gathered to celebrate, play and connect. While “Kallang” honours the shared history, “The Kallang” unifies all the assets in the precinct into a single distinct destination to signify that this is not just a place on the map, but Singapore’s definitive stage for sport, entertainment, lifestyle and community. Across our stadiums, arena, waterfront and community spaces, we create opportunities for everyone – athletes, fans, families, artists and everyday visitors – to experience the new energy that defines this place.

Our integrated precinct, officially opened in 2015 by then-Prime Minister Lee Hsien Loong, now spans 42 hectares with the opening of the Kallang Tennis Hub and Kallang Football Hub in 2024. The other venues across the precinct include the National Stadium, Singapore Indoor Stadium, OCBC Aquatic Centre, OCBC Arena, Water Sports Centre, Kallang Wave Mall, Promenade and a network of 24/7 community facilities. Following the brand refresh in 2025, the various iconic venues are now expressed as part of the new destination brand e.g. “National Stadium at The Kallang”.
